Commissioner for Patents

Applicant submitted an IDS after allowance, with the statement that it had been submitted February 2003 and never returned signed. Upon inspection of the file, the IDS was not scanned or indexed. The Examiner contacted applicant to request the return post card to have for the official record and applicant complied. However, upon inspection of the IDS and postcard, the incorrect application number (09/889,958) was recorded on both. Applicant was contacted again to clarify if the incorrect IDS and postcard had been submitted. Applicant did not return either phone call placed on 12/11 or 12/12. Therefore, the IDS submitted is not considered herein.
